**Bird and Wildlife Viewing**

Biodiversity should play a role in your water-oriented exploration. In addition to the wealth of waterfowl that thrive in the Owens Valley, the Lakeview reservoirs host hundreds of shorebirds and migrating waterfowl. The Tufa at Mono Lake is the key site for birding in this area, attracting thousands of waterfowl during the winter months.

**Fishing**

Many visitors plan their visit to the Owens Valley to include fishing. As a result, there are numerous fly shops and tackle stores available to help you prepare for a day on the water. Most of the larger lakes and reservoirs offer excellent fishing opportunities, with a variety of species available for various techniques.
